

# Le Maître

LANGUAGE & COOKING SCHOOL

Join our small group classes over the course of a 6 week term offering a unique combination of language and cooking training in a fun and interactive social environment.

Learn a language with native-speaking language teachers who have a passion for cooking and an ability to teach simple cooking skills.

By the end of 6 lessons, you'll be able to prepare a full course meal for your friends and also impress them with your newly acquired language skills!
